Life on the street was a popular subject for photographers in the mid-twentieth century. Photographers documented life in major cities in the United States and Europe, in black and white and color. This bibliography, created in conjunction with the exhibitions Evelyn Hofer: Eyes on the City and Cities Are for People: Street Photography, 1945–1970, includes titles about Evelyn Hofer and other individual photographers, as well as titles about street photography in general.

If you have questions, please contact the reference staff at the Spencer Art Reference Library (telephone 816-751-1216). Library hours and services are listed on the Museum’s website at https://nelson-atkins.org/library/
